PROGRAMMES

1. GROVEINDIA Programme

The GROOVEINDIA PROGRAM is a broad philosophy, ideology, and social movement of the Humanity Welfare Council which concerns about the environmental protection and improvement of the health of environment. There is much need of incorporation of green ideology with social ecology. Lawful preservation, restoration, and improvement of natural environment along with pollution control and protection of plants and animal diversity is the main focus of our policy.

3. BLOOMINDIA Programme

The problem of unemployment is increasing fast, due to rapid growth of population, it is not possible to accommodate rising work force in public and formal sectors. Every able man and woman should get employment. It is highly accepted that the employees should have skills and potential that can enable them to ensure their growth and development within the organization. Every job determines a different kind of role and responsibilities that demands different kind of employability skills.

2. LITINDIA Programme

LITINDIA PROGRAMME is an initiative of Humanity Welfare Council to curb illiteracy from the Nation. This programme involves a continuum of learning and enabling individuals to achieve their goals, to develop their knowledge and potential, and to participate in building a strong nation

MISSION

To obtain nearly 100% literacy rate by the year 2030.

4. WELLINDIA Programme

The motto of our health care policy is that "No individual should fail to secure adequate medical care because of inability to pay for it ". The health services should provide fully developed institutional facilities necessary for proper diagnosis and treatment. Our main target group are the people from lower socio-economic groups which are lagging behind in the process of growth and development.

Our main emphasis has been laid on the implementation of health programs through local people. There is need to ensure improved standard of public health and family welfare. Use of generic medicine, awareness about alternative medicine systems like Ayurveda, Homeopathy, Naturopathy, and Yoga are some of the main focus of our health care system.

SCHEMES

EMPOWERINGINDIA Scheme

Social inequalities has given birth weaker sections of the society which includes SCs, STs, women, children, poor, landless labours, who have faced socio-economic and political discrimination in hands of dominating sections. To strengthen the position of weaker section to acquire justice and rights is our main motto.
